A Discography of CDs & LPs
Prepared by Michael Herman

Sir Edward Elgar
(1857-1934)

Born in Broadheath, Worcestershire, Elgar was the son of a music shop owner and received only private musical instruction. Despite this he is arguably England's greatest composer some of whose orchestral music has traveled around the world more than any of his compatriots. In addition to the Symphonies, his Cello and Violin Concertos and Enigma Variations are his other orchestral masterpieces. His many other works for orchestra including the Pomp and Circumstance Marches, Falstaff and Cockaigne Overture have been recorded numerous times. He was appointed Master of the King's Musick in 1924.
